NAZI OCCUPATION OF HUNGARY RESISTED

Hitler Moves To Strengthen Balkan Line Against Reds

wards of 100,000 Troops Believed to be Driving Into Axis Satellite Country to Oppose Russians Already in Bessarabia

HIGH OFFICIALS ARE REPORTED HELD PRISONERS

BULLETIN
Ankara, March 21.—(P)—German troops are fanning out all over Hungary and occupying all strategic points, especially railroad junctions and switching points. Bucharest dispatches said today. No resistance to the Germans was mentioned by the Bucharest correspondent, Anadolu Ajans, who first reported the occupation yesterday.

By WILLIAM SMITH WHITE
London, March 21.—(P)—Heavy German occupying forces—upward of 100,000 men by best estimates here—were believed to be moving into Hungary today as Hitler moved swiftly to strengthen his Balkan line against Russian armies already in Bessarabia.

Some Hungarians were reported fighting this new invader at the hands of their leaders, but the Nazis retained control at the center of the country. This was indicated by the fact that the Hungarian News Agency's regular mid-day broadcast sounded as though all was serene. The first item on this commentary was a sort of essay on "the importance of cultural and political ties with neighboring peoples in the Danube basin."

NAZIS SMASH TWO DIVISIONS IN BESSARABIA

By EDDIE GILMORE
Moscow, March 21.—(P)—The German army has driven to within 50 miles of the Rumanian border after capturing the highway leading toward Soroki in Bessarabia and smashing two Rumanian divisions hurled into the gap in Nazi defenses, front dispatches said today.

Moscow considers the Prut the current Rumanian border. Russians in 1940 took over Bessarabian areas which previously had been part of Rumania. The Russians, who have swarmed across the Dniester river into Bessarabia on a 31-mile front, were able to bring tanks and heavy artillery across in strength (Turn to Page Seven)

Finland Affirms Desire For Peace But Rejects Armistice

By EDWIN SHANKE
Stockholm, March 21.—(P)—The Finnish government affirmed today its continued desire for peace with Soviet Russia, but declared that it could not accept the armistice terms dictated by the Kremlin.

The declaration, embodied in a long communique giving the Finns' position of their attempts to get out of the war, all but extinguished hopes of further peace negotiations between Helsinki and Moscow, because the Russians, the bulletin said, have declined to modify their final terms.

The communique said the Finnish government regretted that the Finns had not given Finland an opportunity to express her own opinion before accepting the terms.

Finland's political quarters said cabinet and parliament had rejected the rejection of the Soviet ultimatum on March 10, at which time the Russians were demanded to have repeated their original demands in ultimatum form. The bulletin said the government that it was its duty "to examine all the possibilities which might lead to safeguarding Finnish independence" and that it therefore had endeavored to find out what conditions an honorable and safe peace could be made.

LABOR CASE DECISION INVOLVES INSTITUTIONS

Pittsburgh, March 21.—(P)—Legislature never intended charitable institutions be reeled to bargain collectively with unions, the state supreme court has ruled.

Have Waste Paper Ready For Collectors Early Tomorrow A. M.

Remember TOMORROW today. Every citizen of Warren county is expected to have every scrap of waste paper in the house collected, and out on the curb early tomorrow morning. It should be firmly tied together and arranged in three piles, as follows:
1. newspapers; 2. magazines; 3. cardboard and craft paper.
In Warren borough the collection will be made by trucks donated by the disposal companies. In Youngsville the school will be in charge of the collection, under the direction of Elton D. Barton and members of the Youngsville Service Club. Proceeds will go to the Service Club. In other communities of the county collections will, for the most part, be handled by the schools. Proceeds will go to the overseas work of the Salvation Army.
The need for paper is No. 1 on the salvage program. The situation is the most critical since the war began. No citizen can afford to overlook the plea of W. T. Corbett, chairman of the County Salvage Committee, for a total of 213 tons for March. Get that paper ready this evening.
Remember TOMORROW today!

Major disaster threatened fleeing German armies all along the southern Red front as Russian forces swept into Bessarabia, cutting down Rumanian as well as Nazi defenders. Other units seized Kremenets and moved on to topple a village 60 miles from Lwow, while the enemy was put to flight in the Vinnitsa and Nikolaev sectors.

Arabian Oil Line Project Defended By Navy Official

Washington, March 21.—(P)—Secretary of the Navy Knox declared today that "a lot of selfish oil companies" should not be permitted to interfere with planned construction of a trans-Arabian pipeline to move oil from Saudi Arabian fields for use by the United Nations.
Knox disclosed the decision to build the pipeline, reached by the joint chiefs of staffs, was primarily a military move and secondarily an attempt to meet the problem of a rapidly dwindling supply of petroleum reserves in the American hemisphere.
The proposal, he said, calls for tapping a billion barrel reserve of oil which would play a major part in assuring a continued supply of fuel oil for naval craft and petroleum products for planes.
Knox said it cannot be denied that the United States is approaching a shortage of domestic petroleum.

Mercer Trial Is Nearing an End

Mercer, March 21.—(P)—The trial of Janice Graham neared the jury this afternoon, with William A. Morell, who the state intends to show she aided in a flight from the scene of three slayings near here last October, expected to be a witness.

Eight witnesses testified this morning, and 32 exhibits were identified as the state sought to prove its accessory after the fact of murder charge against the 20-year-old blonde farm girl.

Exhibits presented this morning included the shot-riddled and blood-stained rocking chair in which the state says Mrs. Katherine Wilson was shot, the shotgun used in her slaying and that of Robert McKay, a farmhand, and the rope with which Mrs. Helen Wilson was strangled.

BOY DIES UNDER TRAIN
Pittsburgh, March 21.—(P)—John Leonard Jablonsky, 8, was killed instantly yesterday when struck by a Pennsylvania Railroad passenger train at a Carnegie grade crossing.

Bodies of 14 Recovered In Bus Tragedy

Passaic, N. J., March 21.—(P)—A fourteenth body was recovered and a tentative list of seven missing persons was established today as police and Red Cross workers sought to learn the death toll in the plunge of a bus into the Passaic river.
Police grappled in the 18-foot barge channel below the Market street bridge between Passaic and Wallington.
Meanwhile, five persons who normally took a bus across the river during the morning rush hour were reported missing by their families and the searchers found the purse of a woman and the wallet of a man not otherwise listed.
Bodies of nine of the dead were recovered shortly before 10 o'clock last night when the bus was hoisted from the river bottom to the deck of a barge by a 40-ton construction crane.

MAN IN NAVAL RESERVE HEAD OF TALON, INC.

Meadville, March 21.—(P)—Thirty-year-old Lewis Walker, 3rd, now on active duty as a lieutenant in the Naval Reserve, has been elected to head the zipper manufacturing firm, of Talon, Inc., which his grandfather founded 50 years ago.

Walker, a grandson of the late Col. Lewis Walker, was named by the board of directors yesterday to succeed W. C. Arthur, Pittsburgh attorney who resigned after heading the firm the past five years.

SECTION IS BACK TO NORMAL AFTER STORM

Pittsburgh, March 21.—(P)—Transportation in western Pennsylvania moved back toward normal today as snowplows and somewhat warmer weather allayed the rigors of yesterday's 24-hour snowstorm.

Planes were able to use the Pittsburgh airport for the first time since Sunday and buses, street cars and automobiles were able to make much better time.

Third Village In Path of Hot Lava

By RICHARD G. MASSOCCO
Naples, March 21.—(P)—A great stream of hot lava poured out of the crater of Mount Vesuvius at a speed of 40 miles an hour at noon today without signs of subsiding, and the molten river looked at a third village on the northwest slopes after destroying two.

After burying most of San Sebastiano and Massa di Somma the lava stream, 30 feet high and 200 yards wide, swept on toward Cerculano, below San Sebastiano.
The 5,000 inhabitants of Cerculano were hurriedly evacuated as the white-hot rock flowed to within 150 feet of its town hall.

A food dump for refugees was set up in the village of Pollena by Lt. Col. James L. Kincaid, of New York City, Allied administrative chief for the city of Naples.

U. S. U-BOATS TAKE BIG TOLL OF JAP SHIPS

Indications Mount That By-Passed Fortress in Marshalls Is About Ready For Final Assault

MILI ATOLL SOFTENED

By RICHARD C. BERGHOLTZ
Associated Press War Editor
The sinking of at least 27 Japanese ships was announced today by Allied headquarters—22 of them by submarines—as indications mounted that one of Japan's by-passed fortresses in the Marshalls Islands was about ready for the final assault.

American submarines accounted for 15 ships in Pacific and Far East waters, the Navy announced, bringing to 642 the number of Japanese vessels sunk, probably sunk or damaged by undersea craft.

Included in the American submarines' toll were two transports, two tankers, and 11 freighters.
A five-ship convoy, including two transports and three Corvettes, got within sight of Japan's bomb-battered base at Wewak, New Guinea, before it was obliterated by more than 100 Fifth Airforce planes in a furious four-day battle.

In the central Pacific, Adm. Chester W. Nimitz brought in his might battleship guns to assist carrier-based planes soften up Mili atoll, once one of Japan's strongest bases in the Marshalls.
While planes poured 113 tons of bombs into Wewak's defenses during the ninth consecutive daily attack, destroyers steamed boldly into Wewak's harbor to shell shore installations.

Other planes hit Rabaul, New Britain, with 60 tons of fire bombs and raided Ponape, in the eastern Caroline Islands, and five targets in the Marshalls.

Film Comedian Is Called For Trial

Los Angeles, March 21.—(P)—A sound-proofed, modernistic courtroom in the big streamlined federal building was the setting in which Charles Chaplin, the sobor-faced film comedian and producer, was summoned for trial today on charges that he twice violated the Mann act in 1942.

The wealthy 54-year-old comic was prepared to defend himself from a grand jury indictment charging that he transported Joan Berry, 24, from Los Angeles to New York City in October of 1942 for immoral purposes. A second court charges that he later returned her to Hollywood for the same purpose.

When this case is completed Chaplin will still face a separate indictment in which he is charged with conspiracy to deprive Miss Berry of her civil rights.

PRESIDENT IS UNDER TREATMENT FOR COLD

Washington, March 21.—(P)—President Roosevelt was treated for a head cold today and, upon the advice of his physician, remained in the residential quarters of the White House for a second successive day. He cancelled all appointments.

Mr. Roosevelt stayed in his quarters yesterday and had no engagements, but the White House did not announce until this morning that he had a cold.

Presidential Secretary Stephen Early said, however, that Mr. Roosevelt was "all right" and was not running a temperature.

NEW CASTLE BOY CITED

General Headquarters, Southwest Pacific Area, March 21.—(P)—Nine Pennsylvanians have been awarded the air medal for "sustained operational flight missions x x x during which hostile contact was probable and expected."

Among them was Sgt. Paul Winick, New Castle.

PLEA FROM GOVERNOR

Harrisburg, March 21.—(P)—Redoubled efforts to collect waste paper urgently needed for the war program are urged by Governor Martin. "Lack of paperboard containers threatens the continued shipment of war supplies to the battle fronts," Martin said in a statement. "Remember that delay in a single shipment of blood plasma may cost the life of a brave soldier."

Sends Induction Calls To Brother and Spouse

Pittsburgh, March 21.—(P)—Mrs. Margaret Stanford, chief clerk of city draft board 13, has completed an unusual task and now she's waiting for her husband, Harold, 24, and her brother, George W. King, 27, to get their induction calls.

Mrs. Stanford sent pre-induction examination calls to both—and both passed the medical.

Loss of Task Force Laid To FCC Bungling

Washington, March 21.—Rep. Miller (R-Mo.) said today he would produce two sailors who would substantiate a story that a U. S. task force was trapped by the Japanese in Alaskan waters "because of the bungling" of the Federal Communications Commission.

Miller's assertion was made at resumption of hearings by a special house committee investigating the FCC.

He questioned Charles R. Denny, chief counsel of the agency, about the task force report which had been aired in previous committee sessions.

Miller asserted that Admiral Standford C. Hooper, former Pearl Harbor communications officer, had been "silenced by executive order" or he could back up the veracity of the report, too.

MELANCHOLY REPORT ON FOOD SITUATION

By OVID A. MARTIN
Washington, March 21.—(P)—A review of the entire farm production picture, particularly government labor, price and machinery policies, appeared likely today as the agriculture department issued a melancholy report based on prospective food plantings.

The report, based on a March 1 survey of representative farmers, indicated that plantings of such crops as soybeans, peanuts, flaxseed, dry beans and peas, sugar beets, potatoes, and sweet potatoes will be considerably short of goals set by the war food administration.

Prospects for livestock feed, on the other hand, appeared relatively favorable.

STASSEN WILLING TO ACCEPT NOMINATION

Washington, March 21.—(P)—Lieutenant Commander Harold E. Stassen, former Republican governor of Minnesota, advised Secretary of the Navy Knox today that he would not seek the Republican presidential nomination but will accept it if offered.

Stassen disclosed his stand in a letter to Knox and read by Knox to newsmen today.

PRISONER OF WAR

St. Marys, March 21.—(P)—Relatives have been informed that Second Lieut. Leonard F. Cheate, reported missing in Italy, is a war prisoner. A brother, Sgt. Walter Cheate, died recently in a plane crash.

Parleys Resumed To End Bus Strike

Pittsburgh, March 21.—(P)—Labor and management representatives, federal and state labor mediators, and army ordinance officers today resumed conferences aimed at terminating the strike of 600 Pennsylvania Greyhound Lines employees as a tieup of bus transportation went into its fifth day.

Meantime, presidents of 14 divisions of the striking union, the Amalgamated Association of Street and Electrical Railway and Motor Coach Employees (AFL), withheld decision on a proposal to extend the walkout to lines serving states east of the Mississippi.

Even as the presidents met, the strike was reported spreading. Several hundred passengers were stranded in Mobile, Ala., as drivers of the Teche Greyhound Lines refused, according to a company official, to take buses from the terminal.

GRIM STRUGGLE CONTINUES FOR LAST FORTIFICATIONS ON WEST EDGE OF CASSINO

Although Enemy Tanks In Lobby of Hotel Are Knocked Out Defenders Still Hold Out

ATTACKS ARE REPULSED

By LYNN HEINZERLING
With the Fifth Army at Cassino, March 21.—(P)—German troops fought their way back into the wrecked Continental hotel today. Enemy defenses in the southwestern part of Cassino and in the hills behind stiffened as Lt. Gen. Richard Heidrich, commander of the First German Parachute Troop Division, tried to make good his boast that he would throw the Allies out of Cassino.

New Zealanders immediately went back to their old task of trying to knock the Germans out of the Continental.

German troops apparently moved back into the hotel in the darkness of early morning, and brought in more reinforcements to block the passage through the southwestern corner of the town.

The Germans also seemed to be filtering troops from the monastery atop Mt. Cassino down into the hill positions which they were defending so stubbornly.

By EDWARD KENNEDY
Allied Headquarters, Naples, March 21.—(AP)—New Zealand troops of the Fifth Army have wiped out part of the remaining German fortifications on the western edge of Cassino but the Nazis have been reinforced and a grim struggle continues, Allied headquarters announced today.

Many more German prisoners were taken.

Although two tanks which the Germans had placed in the lobby of the Continental hotel were knocked out and 180 prisoners taken there, the Germans still were holding out in that area.

The Germans also clung firmly to positions on the slopes of Monte Cassino overlooking the town, including the strategic point they regained in a counter-attack Sunday, it was announced, and are laying a heavy artillery fire on Allied troops from these places.

Hemmed in by these and other enemy positions in the vicinity and by the Rapido and Garl rivers, the Fifth Army forces have little room in which to maneuver. Only frontal attacks are possible since the German positions cannot be outflanked.

Three enemy counter-attacks on one ridge on Monte Cassino held by the Allies were repulsed and three other points remained in Fifth Army hands despite German attempts to take them.

On the beachhead British troops made two successful raids in force on enemy positions near the western end of the Perimeter, inflicting heavy casualties. Sharp patrol clashes occurred on the Eighth Army front.

In the air, Allied medium bombers and fighters struck relentlessly at enemy port and rail communications yesterday and maintained day-long dive-bombing attacks on troops and gun positions on the beachhead and Cassino fronts.

Workers in Red Cross Drive In Final Effort to Top Quota

Audited figures show a total of \$37,759.92 turned in for the Red Cross War Fund Campaign, \$18,003.63 of which was reported at last night's meeting. This leaves around \$6,500 to be raised today and tomorrow as the final report meeting will be held at the Y. W. C. A. at 7:30 tomorrow evening.

Attendance last night was much better than at the first report meeting despite the bad weather. And this better attendance was reflected in the greater number of individual reports turned in; even though the total was under that of the first report meeting.

At tomorrow night's meeting it is the hope of the War Fund Committee that the goal will be passed.

But to do this will mean that many hundreds of workers will have to make a number of individual calls picking up odd amounts where they can. The larger industries, chain stores and firms have been thoroughly canvassed and the so-called "large donations" are all turned in.

Chairman Wade asks that county workers make a special effort to attend the closing meeting of the campaign tomorrow night. These people have done an excellent job and both Chairman Wade and Mr. Thompson hope for a large turn out of county workers (Turn to Page Two)

Rocket Coast Area Bombed By Americans

Second Heavy Attack In Pas-de-Calais Area Is Staged By Liberators

RESISTANCE NEGLIGIBLE

By GLADWIN HILL
London, March 21.—(P)—British-based American Liberators heavily bombed the Pas-de-Calais "rocket coast" area across the channel today. It was the second heavy attack on that sector in three days.

RAF heavy bombers in small force struck the Angouleme explosive works in southern France last night in a continuing nocturnal campaign against specialized enemy factories, while Mosquito planes bombed western Germany for the eleventh straight night.

German resistance was negligible and not a plane was lost. Other objectives hit in this specialized campaign have been the Michelin rubber factory at Clermont-Ferrand, bombed March 16, a bearing factory in southern France struck March 10, and a precision instrument plant at Hengelo, Holland, hit by Mosquito bombers by daylight Saturday.

American Flying Fortresses and Liberators, described by a U. S. Strategic Air Force announcement as in "medium sized" force, attacked military targets in the Frankfurt area of Germany yesterday as the highlight of a day that saw between 1,600 and 2,100 Allied planes cross the channel.

A U. S. communique last night said six American bombers and eight escorting fighters failed to return from the 400-mile round-trip to the German industrial city. Few enemy aircraft were encountered, but the fighters brought down four.

Japs Push Toward The Indian Border

By the Associated Press
Japanese imperial headquarters announced today that Japanese forces were pushing westward toward the India border after crossing the Chindwin river in central Burma, and declared other offensive operations were under way against the Allied forces in the Chin hills.

Japanese activities in both these areas had been mentioned previously by the Allied southeast Asia command, which described the enemy push across the Chindwin as a "major offensive."

The Japanese communique, broadcast by the Tokyo radio and recorded by The Associated Press, said the Japanese troops were working in cooperation with "the Indian National Army." This phrase apparently was designed by Japanese propagandists to convey the impression that the Japanese are receiving strong assistance from Indian elements opposing the British.

New Liquor Taxes to Hike Quart Price 36 to 75 Cents

Consumer price increases ranging from 36 to 75 cents on quarts and fifths of whiskey and other distilled spirits, effective April 1, to cover new federal excise taxes, were announced Thursday for the nation by the Office of Price Administration in Washington.

OPA emphasized that dealers may add only the exact amount of the tax increase to present maximum prices, as store managers prepared for an anticipated rush at the eleventh hour before imposition of the new tax.

Consumers will pay this additional tax per bottle, fixed on the basis of proof.

One hundred proof—75 cents a quart and 60 cents a fifth; 90 proof—68 cents and 54 cents; 85 proof—65 cents and 52 cents; 80 proof—62 cents and 50 cents; 75 proof—60 cents and 48 cents; 70 proof—58 cents and 46 cents; 60 proof—45 cents and 36 cents.

The tax will be uniform for each wine classification, as follows: Still wines not over 14 per cent alcohol—one cent a quart or fifth; over 14 per cent but not over 21 per cent—five cents a quart and four cents a fifth; over 21 per cent but not over 24 per cent—25 cents and 20 cents.

On champagnes, sparkling wines and carbonated wines, the new tax will be 16 cents for a 26-ounce bottle and eight cents for a 13-ounce bottle.

The per bottle tax increase on beer was not issued. But since the tax increase amounts to \$1 per barrel, it is estimated that the extra tax on a 12-ounce bottle would amount to a fraction of a cent, while on a quart bottle it would be approximately one and one-half cents.

OPA said today that it will announce later how the new tax will affect the price of liquor sold by the drink.

The new tax is based on the proof content of whiskey, gin, brandy, rum, cordials, liquors and other distilled spirits specialties, all of which will be increased considerably in price.

Miss Rose Daniels, Harrisburg, OPA price attorney for Pennsylvania, which is part of Region 2, announced last week that ceilings on distilled spirits will not be raised to permit liquor licensees to pass the tax on to the public.

Her statement left Erie district tap room proprietors facing an additional expense of thousands of dollars when the new levies are imposed April 1.

Miss Daniels pointed out that prices may not be raised to exceed those charged before last April 10 when ceilings governing restaurants and cafes were made effective. She added that licensees also will be prohibited from "cutting the size of drinks to absorb the tax."

Non-Political Campaign

Maj. Stephen M. Young, right, Ohio congressman-at-large, is participating in a campaign, but not the vote-seeking kind. It's the Italian one, and here he's shown coming to friendly grips with Pvt. Richard James of Toledo, whom he met in the Anzio-Nettuno sector.

IT'S WAR SHORTAGE NO. 1

Nat'l Forest Land Purchases Are Reduced Under New Law

Lands approved for purchase for national forests under the Weeks Law in 1943 totaled 8,759 acres, the smallest area acquired during any year since the program was established in 1912, according to the annual report of the National Forest Reservation Commission. (Published as Senate Document No. 145; obtainable from the Superintendent of Documents, Washington, D. C.)

The average price per acre was \$4.31. The limitation of purchases to this small acreage was due to the government policy of holding such transactions to a minimum during the war. In its report the Commission urges resumption of the program on an adequate scale after the war, but acquiesces in the present policy of postponement.

In terms of acreages purchased, the peak year was 1934 when 4-

206,517 acres were acquired at an average price of \$2.38 per acre. The minimum average price per acre was \$1.83, paid in 1933 for 667,314 acres. The highest average payment was \$7.65, allowed in 1918 on 261,107 acres. For the total of 13,104,974 acres thus far acquired, the overall average price per acre has been \$3.77.

The National Forest Reservation Commission was created by the Weeks Law in 1911 to pass upon lands recommended for purchase under the law.

The members are Secretary of War Henry L. Stimson, president; Secretary of the Interior Harold I. Ickes, Secretary of Agriculture Claude L. Wickard, Senator Walter F. George of Georgia and Styles Bridges of New Hampshire, and Representatives Roy O. Woodruff of Michigan and William M. Colmer of Mississippi. W. Forrest Keels, of the Forest Service, is secretary.

Cadet Walter A. Fredricks, son of Mr. and Mrs. F. W. Fredricks, 23 Locust street, returned to De Paul University in Chicago after spending the weekend at home.

Pfc. Gail R. Hansen, son of Mr. and Mrs. George Hansen, Canton street, is enjoying a short furlough with his parents and friends after receiving his wings in a gunnery school at Kingman, Ariz., a week ago.

King Rogers, grandson of Mr. and Mrs. J. P. Rogers has passed his physical examination and been sworn into the Army Air Corps at Huntington, W. Va.

Pvt. Charles E. Greenlund has been graduated from Lowry Field, Denver, Colo., and has been transferred to the flexible gunnery training school at Tyndall Field, Panama City, Fla.

Aviation Cadet Carl Papalia is home on an eight-day furlough from Craig Field, Selma, Ala., visiting his wife and relatives in Clarendon and Warren. Mrs. Papalia, who has been visiting him in the south, accompanied him home.

Word has been received by his wife that Pfc. Richard Seder of Camp Breckinridge, Ky., has been promoted to the rank of corporal.

Pvt. Marshall R. Olsen arrived home this morning from Camp Hood, Texas, called by the death of his grandmother, Mrs. Richard Olson, Starbuck.

A. C. Robinson, U. S. Navy, is home on leave to visit his mother, Mrs. F. E. Robinson, 607 East street, after six months overseas service.

Mr. and Mrs. Charles Saporito have received word that their son Pvt. Thomas Saporito, has arrived safe and well somewhere in North Africa.

Word has been received by Mr. and Mrs. Charles Hoffman, Warren Rd. 2, of the arrival in North Africa of their two sons, Albert, aviation machinist third class in the U. S. Navy, and Pvt. Donald, with the army. Albert has written that upon arrival he was pleasantly surprised to meet Harold Maek, of Clarendon, a boot camp buddy.

Pvt. Donald E. Siffin, son of Mr. and Mrs. J. E. Siffin, who has been enjoying a 15-day furlough from Miami Beach, Fla., has left for a new air base at Salt Lake City, Utah.

SPAR Autumn Ettinger, daughter of Mr. and Mrs. W. O. Ettinger, 6 South Irvine street, has completed the indoctrination course for SPARS at the U. S. Coast Guard training station in Palm Beach, Fla., and has been assigned to duty in Boston, Mass. Her sister, Adelaide, is an aviation machinist's mate third class in the WAVES, stationed in Livermore, Calif.

Pvt. Emerson Spicer, who has completed his basic training with the engineering corps at Fort Belvoir, Va., spent a day last week with his parents, Mr. and Mrs. Emerson Spicer, at Lander.

Route Six Will Travel New Location

With surveys along Route 6 making preparations for the post-war rebuilding of the route, which is one of the most important in the state much discussion of the proposed route is in vogue. From all indications the route when rebuilt will be one of the finest in the land and four lane width in most of its length. Surveys have been running lines for the route east of Warren and the new route will be straight and almost free of curves.

West of the city the proposed route will be to the south of the railroads between Warren and Irvine and according to plan will run along the river for most of the distance. Leaving the present route just west of the overhead at Irvine it would keep to the south both the Pennsylvania and New York central lines until it reaches Warren. This will probably cause the moving of the railroads further into the hill at several points where space between the river and the rail lines is narrow.

The change would add much to the safety of the route and would also make it more attractive as the scenic vistas along the river would be opened to the view of the drivers. The task of building the new road would not be so great as first thought would indicate and it would mark a vast change in the whole route between Warren and Irvine.

Jamestown Mayor Closing Up Bingo

Jamestown, March 21 — The death knell of bingo in Jamestown was sounded in city hall Saturday with announcement by Mayor Samuel A. Strath he has ordered revocation of licenses of two "concert halls" and refusal of renewals to three others.

The executive order, invoking powers given the mayor under Section 54 of the city charter, becomes effective April 1st.

Stroth said he gave verbal instructions to City Clerk George A. Bowers three weeks ago to refuse renewals and Saturday sent out official notifications to 11 licensees operating five "concert halls," telling them to close up in two weeks.

The order climaxed two months of uncertainty on what action would be taken, although it was generally conceded bingo would probably be forced to fold up.

"I COULDN'T STAND HARSH LAXATIVES!"

Kellogg's All-Bran Brought Relief! Says Ex-Sufferer!

If you, too, are a sufferer, be sure to read this unsolicited letter!

"My system was sluggish, after I'd been sick, and I couldn't stand harsh laxatives. I tried KELLOGG'S ALL-BRAN, and found it was grand. We have a box of it in the house all the time. Just for variety, several times a week, we mix a small portion of other cereals with the ALL-BRAN. It's delightful! And we still get the benefits from the ALL-BRAN." Mrs. Joseph W. Fodile, 86 Englewood Ave., Buffalo, N. Y.

What's the secret of such amazing relief for so many? Simply this! KELLOGG'S ALL-BRAN can "get at" constipation due to lack of certain "cellulose" elements in the diet—because it is one of Nature's most effective sources of these elements! They help the friendly colonic flora fluff up and prepare the colonic contents for easy, natural elimination! ALL-BRAN is not a purgative! Doesn't work by "sweeping out"! It's a gentle-acting, "regulating" food!

If your constipation is this kind, eat ALL-BRAN, or several ALL-BRAN muffins regularly. Drink plenty of water. See if you don't praise its welcome relief! Insist on genuine ALL-BRAN, made only by Kellogg's in Battle Creek.

REAL BOATMAN
Willie Gordon well known Indian of the Cornplanter Reservation who is approaching his 80th birthday performed a feat last Saturday when the river was at flood stage that evidenced his skill with a boat. The river was running a swift current that necessitated much strength in handling one of the long "john boats" used by the Indians. Gordon took it across to Corydon from the Indian lands and back again with a load of supplies from the stores. Few young men would attempt to make such a trip on the surging river and many watched the skillful boatman as he made the crossing with a nonchalance that was remarkable.

SHEFFIELD NEWS

Sheffield, March 20—The third lecture, sponsored by the Rotary Club, will be given Wednesday at the high school at 2:45 for the students, and in the evening at 8 p. m. John A. Bekker, of Franklin, Ind., will use as his subject "The Russian Republics as Contributors". Mr. Bekker was born of Dutch parentage in Crinnea. The Russian revolution in 1917 brought to him the horrors of personal insecurity and the threat of starvation. He was drafted into the Red Army from which he deserted and fled, wandering for several years through Siberia, China, Manchuria, Korea, and Japan. After arriving in the United States he spent several years in university centers establishing himself by means of study and teaching as one competent to discuss in a scholarly manner world conditions of which he has been such a vital part.

No Clues Found On Whereabouts Of Missing Man

Although police and others continued the search yesterday for Chris Nelson, Pleasant Township man, who disappeared Saturday no clew as to his possible whereabouts has been found. Police are inclined to the theory that he slipped or fell off the railroad bridge across the river and is undoubtedly in the stream.

Yesterday Virgil King, of the Warren Air Service, with Sheriff L. E. Linder flew low in an airplane along the river between Warren and Tidoute carefully scanning the water for possible signs of the man. Their hunt was without reward.

Police and state police have checked carefully all of the known haunts of the man and it is reported that he possibly had another man with him at the Mirror works as a place where he usually buys a slice of pie reports that he purchased two slices of pie on Saturday. However the correctness of this report has not as yet been verified.

It is not known whether or not he had any considerable sum of money on him Saturday so that any theory that he may have met with foul play has not as yet been given full attention.

The search is being continued by police and members of his family in the faint hope that he may be someplace and ignorant that he is causing his family and friends worry.

TIMES TOPICS

BENEFIT GAMES

HOW Women HELP TO KEEP THEM ROLLING ON THE PENNSYLVANIA RAILROAD

A WAR ROLE FOR WOMEN . . . as a trainman on the Pennsylvania Railroad. Women serve on short runs, as a rule.

RAILROADING has always been regarded as a man's calling.

But when war reached deeply into railroad ranks—taking from the Pennsylvania Railroad alone more than 44,000 skilled and experienced workers for the Armed Forces—women were employed to help keep trains rolling.

Today, on the Pennsylvania Railroad, approximately 22,000 women are serving in a wide variety of occupations—four of which you see illustrated here.

Positions such as trainmen, ticket sellers, train passenger representatives, ushers, information and reservation personnel call for intelligence, courtesy and a high degree of efficiency. Young women fresh from college and high school—after intensive training—have proved they can fill these roles most capably.

So, we're glad to have their help in the greatest job railroads have ever been called upon to do, moving men and materials to Victory!

AS AN USHER, a woman posts trains, announces departures and arrivals—answers the questions asked by travelers.

AS A BRAKEMAN in freight yard operations, a woman fills a job that requires strength and coolness—in all weather.

INFORMATION COUNTERS are besieged these days—so a woman's knowledge of travel must be extensive.

Hitler a loophole through the British blockade. She was guaranteed protection by England and France in 1939, but King Carol, desiring friendly economic relations with everybody in general and Germany in particular, allowed pro-Nazi to infiltrate into the government. In June, 1940, Russia, unopposed, seized back Bessarabia and two months later Hitler awarded Transylvania back to Hungary. RED CROSS WORKERS DOING WELL

One of the commendable revelations at last evening's report meeting in the campaign of the Warren County Chapter American Red Cross, to raise the local quota of \$44,200, toward the \$200,000,000 needed to carry on the war activities of the national organization, was that showing the thorough manner in which the workers are doing the job. There is every reason to feel that the task will be accomplished but there must be no let down until the goal has been reached.

The sum needed to operate the Red Cross war program for a year, here and overseas, is considerably less than the nation's war bill for a single day. With this money the organization helps to care for our wounded and our prisoners in enemy lands, among a multitude of war-necessary things. Next year the need will be greater. There must be more plasma, more bandages, more nurses, more prisoners-of-war food packages. In addition the Red Cross has agreed to assist returning servicemen, and to give disabled veterans temporary loans, when needed, until their government benefits through.

Surely all of us may list the Red Cross along with War Bonds and taxes among our moral obligations to give as freely and honestly as we can.

It should not be necessary for any citizen to wait to be approached. If you have not been solicited, make out your check and mail it to campaign headquarters in the Warren National Bank building.

THE OLD SHELL GAME

The more we observe Soviet diplomacy, the less we envy such publications as the Daily Worker and the New Masses, both trying desperately to hang onto the American end of the party line. The latest case in point was recognition by the U. S. S. R. of the Badoglio government when these two American Communist organs had just finished polishing off Badoglio and Mr. Churchill in language bitter and uncompromising.

The editors, trying to guess Marshal Stalin's next move, must feel a good deal like the farm boy at the county fair trying to guess under which walnut shell he would find the dried pea.

The contractor and workmen in charge of the project of repairing the pier under the Glade bridge damaged by a recent ice gorge are receiving considerable well-earned praise for the manner in which they are going at the job, in spite of high water and other handicaps.

Last-minute reminder—have you bundled your papers and magazines for the collectors who will be gathering them up tomorrow? If you haven't, better get busy this evening.

LENTEN SERMONETTE

THE NAME JESUS
Rev. J. E. Kiffer, Warren Free Methodist Church

Our intelligence, interests, tendencies and morals are revealed by our words. Little importance is associated with the common language of the street. The familiar name Jesus has lost its sacredness to the masses, because to them it has lost its meaning. Swearing is the effort of a feeble mind to speak with authority. Character and destiny are revealed by our words. By them we are condemned or justified. Jesus is so named, for we shall save His people from their sins. There is no other name under heaven given among men, whereby we must be saved. That name offers a glorious hope to man, even salvation, from the guilt and penalty, the power and pollution of sin in this life and life in the world to come.

His name is the outstanding name in the universe. His name shall be called Wonderful, Counselor, the Mighty God, the Everlasting Father, the Prince of Peace. God, also, hath highly exalted Him and given Him a name which is above every name—that at the name of Jesus every knee should bow, of things in heaven, and things in earth, and things under the earth. Jesus, the name high over all, in hell, or earth, or sky; angels and men before it fall, and devils fear and fly.

How reverent the scribes who would wipe their pen before writing the name of God in any form and wash their entire body before writing the name Jehovah. Paul said, "That every one who nameth the name of Christ should depart from iniquity. God still requires those vessels that bear His name to be holy and of His own choosing. There are apostles yet, who rejoice that they are counted worthy to suffer shame for His name.

It is in that name that the Gentiles trust, find remission of sins, are baptized, gather together, give thanks, believe, preach boldly, hazard their lives, give the cup of water, receive the little child, ask favors, and whatsoever ye do in word or in deed, do all in the name of the Lord Jesus, giving thanks to God and the Father of Him. It is in His name we have life, devils are cast out, the sick are made well and the Comforter was sent by the Father. His is the enduring name. Isaiah says, "It is from everlasting, and when every name among men are forgotten, His name shall blaze forth from the foreheads of the redeemed hosts, to the Everlasting."

THOUGHTS

How excellent is thy loving kindness, O God! therefore the children of men put their trust under the shadow of thy wings.—Psalm 36:7.

Interesting Items Taken From The Warren Evening Times

In 1924 Joseph Warren Lodge of the Masonic Fraternity will journey to Sugar Grove this evening to meet with the Masonic lodge of that place. A jolly time is anticipated.

"Duley" has been chosen by the Seniors for their annual class play. The play is a comedy and one that affords the talent of the class plenty of opportunity to display their histrionic ability.

Next Monday evening the annual banquet for members of Company I will be served at the Armory. Seventy men will be served.

The Morrison's correspondent says "the Crows have arrived but we haven't seen a robin as yet and the frogs have not yet started their chorus."

The home talent play "The Country Doctor" was presented in the community house by the Russell Ladies Aid. The cast was good and the play was well given and won plenty of applause.

YOUNGSMEN

Youngsville, March 20—The 32d birthday of Girl Scouting was delightfully remembered March 16th by Youngsville Girl Scouts, local Scout leaders, committee members, Brownie Scouts, leaders, Girl Scouts, local Scout leaders, committee members, Brownie Scouts, leaders, mothers of Brownies and sons of Warren county's Girl Scout leaders.

The birthday celebration opened with a co-operative dinner at the National Club House with seventy-five seated at attractively decorated tables. The table decorations were given by three troops of Warren Girl Scouts and representative phases of World Friendship.

The program which followed the good dinner opened with the singing of the Star Spangled Banner with an invocation sung by the Brownies. A welcome was given by Mrs. Rose Hubert, toastmistress.

The Girl Scouts then provided entertainment. The Brownies sang a group of action songs. The intermediate Girl Scouts gave some short plays which were very good. The senior troop of Scouts provided humor by some very clever skits.

Mrs. Correll, Warren County Girl Scout Executive used as the theme of her talk, "World Friendship," using the table decorations as illustration of her talk. The first of these showed a model of the international Swiss Chalet and showed figures of the Girl Scouts dressed in the costumes of many lands attending an international rally. The second scene was a globe surrounded with the flags of the world. She quoted from one of the Girl Scouts when she pointed to the German and Japanese flag and said "We stand for World Friendship". The last scene was a Girl Scout in a tree top using the universal unspoken language of Scouting, "Signaling".

Mrs. Abendroth, chairman of the Girl Scout Camp committee for Warren county spoke from complete knowledge on the subject of camping. The closing song was "Taps".

There was some discussion and tentative plans were made for the organization of a Patrol 100. This is an organization of all adults in the community in any way associated with Girl Scouting.

The Girl Scouts of Youngsville presented a very good exhibit of handicraft which they had made.

DETAIL FOR TODAY

Short Sheet

SHORT SHEETING is an art in itself, mastered only after much practice. It consists of folding the 1 1/2 sheets so that when a soldier climbs in feet first he discovers he can only get himself about halfway into the hay. This results in vigorous thrusts with the legs and often a loud rip—followed by smothered laughter from surrounding G. I.'s. An unsuspecting victim seldom spots an expert SHORT SHEET job. Soldiers rarely SHORT SHEET a non-com who is known for his lack of a sense of humor, for if he can lead to hideous repercussions.

HAVE YOUR WASTE PAPER READY FOR COLLECTORS TOMORROW!

Every Office, Store and Factory in this City Should Have

A WASTE PAPER SPOTTER-

Newspapers: Fold them flat (the way the paper boy sells them) and tie them in bundles about 12 inches high.

Corrugated and Cardboard Boxes and Cartons: Flatten them out and tie them in bundles about 12 inches high.

Magazines and Books: Tie them in bundles about 18 inches high.

Wastebasket Paper (Wrappers, Envelopes, Etc.): Flatten and pack down in a box or bundle, so that it can be carried.

APPOINT YOURS NOW!

Tons of precious waste paper are being thrown away or burned here every week . . . just when that paper is needed most.

Right now 25 war plants are closed . . . 100 more are on short shifts . . . because they can't get enough waste paper to make essential Army and Navy equipment.

Here's a challenge thrown right at every local business man, store-keeper and shop superintendent!

Tell your employees that waste paper is literally guns, powder and bullets! Tell them that it takes 25 tons of paper for blue-prints to build a battleship.

Paper for ration boxes . . . blood plasma containers . . . parachutes . . . bomb rings . . . plane parts . . . helmet linings.

Paper to make or wrap every one of the 700,000 items now flowing to our men in action. Waste paper is a universal raw material of this war!

And remember! Just telling them isn't enough. Appoint somebody to do the job . . . to see to it personally that not a scrap of waste paper is thrown away or burned!

Give that person authority to clean out old files . . . to empty store-rooms . . . to round up those tons of dead records that are never referred to.

Get set on a regular paper-saving plan. Then stick to it . . . and we'll open those closed war plants . . . and see our boys marching back a lot sooner . . . victorious!

U. S. Victory WASTE PAPER Campaign

A COUNTY-WIDE WASTE PAPER COLLECTION WILL BE MADE WEDNESDAY, MARCH 22

Every business place and householder should feel it a patriotic duty to bundle and have ready every scrap of paper available for the collectors when they call!

Lawrence Riley Will Direct Three-Act Melodrama in Its Players' Premiere

"Time to Kill", the new three-act melodrama by Lawrence Riley, successful writer for both stage and screen, is the choice of the Warren Players Club will offer its public on May 11 and 12 for its annual spring production. The playwright will direct. Mr. Riley first won fame when his three-act comedy "Personal Appearance" starred Gladys George in a record run at the Henry Miller Theatre in New York in 1935-36. This was later seen as a screen hit under the title "Go West, Young Man!" with Mae West.

"Return Engagement", a satire on life in the Little Theatre, had its premiere in Warren, presented by the Warren Players in 1940 under Mr. Riley's direction. It was later produced by John Golden in Boston and had a short run at the John Golden Theatre in New York.

Maddy Christians, Bert Lytell and Audrey Christie played the leads. Miss Christians later made a name for herself as Martha in

"Watch on the Rhine", Audrey Christie is currently appearing in the Broadway success, "The Voice of the Turtle", and Mr. Lytell is master of ceremonies when the Stage Door Canteen goes on the air every Saturday night.

"Return Engagement" was recently produced in Los Angeles, with an eight-week run at the Bliss-Hayden Theatre.

Gladys George and others of the original New York Company appeared this winter in a revival of "Personal Appearance" when it enjoyed a five-week run in San Francisco.

Mr. Riley's last writing in Hollywood was the script for the new Universal picture "You're a Fine Fellow, Mr. Smith", starring Allan Jones and Billie Burke.

The playwright has been in Warren for some weeks and is holding his tryouts for "Time to Kill", open to all members of the Warren Players Club and scheduled at the home of Joan Blair Hoye, 105 East street, at eight o'clock Thursday evening.

Former Residents Of Akeley Observe 50th Anniversary

The Duke Center United Brethren church was the scene on Saturday, March 18, of the golden wedding anniversary celebration of Mr. and Mrs. Olof Erickson, former residents of Akeley and well known in this section.

About 80 friends and relatives gathered at two o'clock to pay respects and extend congratulations to the honored guests. Rev. Jay Reichenbach, of Olean, N. Y., had charge of presenting the following program:

Scripture and prayer, Manley Erickson; reading of a letter from their grandson, Cadet Albert Erickson, receiving special training for the armed forces at Drexel College in Philadelphia; vocal solo, "Whispering Hope", Mrs. Hanks. Mrs. Vaughn; piano solo, "Hymn With Variations", Mrs. Marion Snow, of Akeley; reading by Mrs. Evelyn Wilcox on "The Erickson Fifty Years Ago", presented by Mrs. Annette Erickson.

Introduction of the following who had been guests at the 50-years ago ceremony: Mrs. Gus Federholm, Mrs. Erickson's sister and bridemaid, of Ashville, N. Y.; Edward Vennman and Bessie Nelson, Jamestown, N. Y., Mrs. Ellen Lundgren, Akeley.

Original poem written by Mrs. Gussie Annie and read by Mrs. Emil Erickson; piano solo, by their five-year-old granddaughter, Sandra Kay Reichenbach; reading, "That Old Sweetheart of Mine", Marie Harrington; message, Rev. McGill, Duke Center United Brethren church; presentation of a purse of money to the couple, Rev. McGill; piano solo, "Hymn With Variations", Mrs. Bertha Reichenbach; remarks, Rev. Webb, Duke Center Methodist pastor.

The family, assisted by the Ladies' Aid, served refreshments from tables decorated with a three-tiered wedding cake, yellow roses and candles and mixed spring flowers, and presided over by Mrs. Annette Erickson and Mrs. Manley Erickson. The bride of 50 years ago wore a yellow rose corsage, a gift of her children, and both received many cards and other remembrances from their friends.

Guests were from Olean, Jamestown, Ashville and Lakewood, N. Y.; Bradford, Akeley, Russell and Warren.

Modern Theme For Philomel Program By Mrs. Campbell

Mrs. LeRoy B. Campbell is chairman of the modern program to be presented at the Wednesday afternoon meeting of Philomel Club and has arranged for the following selections:

Excerpts from her study paper of last week—Florence Reed Stevens. Two pianos—Polly by Zamenick—Allie Russell and Hazel Miller. Scenes Infantis, Pinto; Des Pas sur La Neige, Depussy; Personage Throwing a Stone at a Bird, Triggs; Le Polichinelle, Villalobos—Jean Robertson. Dreamer, Malotte; Hills, LaForge—Violet Borg, contralto. White Peacock, Griffes—Fern Bjers. Piano Prelude No. 2, Gershwin—Mary Conway. Sheep and Lambs, Homer; He Was Alone, Paxson—Violet Borg. Two pianos—Danse Macabre, Saint-Saens—Lillian Larsen, Rachel Eaton.

Following the program, Mrs. E. E. Lundquist and the following hostess committee will serve tea in the club dining room: Mrs. Blanche Mitchell, Mrs. Eugene Kuester, Mrs. H. M. Putnam, Mrs. Nellie Horton Schwing and Mrs. Harry Drivas.

Girl Scouts Have Anniversary Event

In keeping with Girl Scout Week and the 32nd birthday celebration, Kinzua Girl Scouts entertained their parents, sponsors and friends at the school house Friday evening.

An investiture ceremony was conducted by the leader, Miss Gertrude White, with tenderfoot pins awarded to Nancy Zerbe, Shirley Bentley and Marian Veley; Brownie Girl Scout pin to Janet Quiggle.

A very fine first aid demonstration of bandaging and stretcher drill, directed by Rev. H. J. Johnson, was given by Joyce Quiggle, Helen Quiggle, Mary Lou Snyder, Mabel Wallace and Marjorie Quiggle, all of whom received their first aid badges.

Mrs. A. N. Correll, executive secretary of the Warren County Girl Scout Council, gave an inspiring talk on Girl Scout work and showed pictures of activities at Camp Birdsall Edey. She also complimented Miss White on her ten years of service as leader of the troop.

At the close of the program, refreshments were served by a committee consisting of Mrs. Walter Quiggle and Mrs. Gifford Quiggle.

Plans Progressing For Youth Session

Plans for the social hour which will follow the community Lenten service of the Warren Christian Youth Council on March 31 are shaping up in such a way as to promise an entertaining time for the young people of all churches represented.

Georgia Spinney, chairman of the committee, has secured the help of Homer Fleming and youth members of the committee on community recreation to assist her in the program.

Mr. Fleming is planning the games to be assisted by Ed Peterson, Ted Ryberg, Jack Cooney and Giulio Fino. Bill Clinger is in charge of dramatic skits and Nick Geracimos is planning musical specialties. Ed Peterson will also have charge of group singing and Juanita Farr, assisted by Grace Young and Sue McGarry, will take care of the refreshments.

The Lenten service will be held in the chapel of the First Methodist church and the social activities will be carried on in Founders Hall of the same building.

Letters to the Editor

Warren, Pennsylvania, March 18, 1944.

To the Editor:

The Warren High School A Capella Choir's first appearance of the season, before the Warren Music Boosters at Beatty High Auditorium last week was sensational!

Astonishment and pure delight, deep and satisfying, rare emotions these days of faded sophistication and plethora of fine music via radio, were surely evoked by the sudden splendor of great waves of glorious sound that rolled out, warm, rich and colorful, and caught up their listeners as the fresh young voices of these handsome young men and women blended in joyful harmony performed sheer magic.

Every music lover should seize his first opportunity to hear the Warren High A Capella Choir. But, if you are hearing them for the first time, brace yourself for an exciting experience: Their music is alive! Its impact both emotional and physical. When these half a hundred voices, perfectly disciplined into a single living instrument, break forth in song, an electric tingle surges up your spine—makes the back-hair stand—spreads over your scalp—

YMCA Cage Tourney Enters Semi-Finals Friday Night

Corry All-Stars Whip Nameless Five; Reign Top Title Contender

Stepping one notch closer to the finals the strong Corry All Stars scored a victory over the Nameless Five in the YMCA basketball carnival. The local five composed of Warren High School seniors worked well together last night as the majority of them had seen service with the Warren Varsity. One thing that was brought home to the boys as well as to the spectators was the difference between scholastic and independent basketball. The game was fast and rough with both teams scoring often, in the first two periods. Arkwright of the vicinity team started the hostilities off in the first minute when he slipped under the basket to score. This was immediately followed by Finley scoring to put the teams on par. The game swung back and forth with the ball changing hands numerous times. Suddenly Corry started and scored two baskets in a row. From then on it was nip and tuck, and when the half came up Corry was out in front by ten points 35-25.

The second half was hard fought and although the visitors had the edge so tenacious were the local boys that they couldn't let up for one moment. The visiting team had the points pretty evenly spread between them with Markowitz and Arkwright getting 25 and 19 respectively. Dick Finley was the big gun for the local lads with 22. The home team played hard but the visitors played a different kind of ball than they were used to and this caused their downfall.

This coming Friday March 24th the postponed game between Franklin C. P. T. and Emporium Sylvania will be played. This game will start at 8:00 p. m. At 8:00 p. m. the Corry All-Stars will again make their appearance in the Boro when they meet the local National Forge team. Both of these games will be the Semi-finals. The winners of these games

will meet next week to play off the championship game.

The scores:

	Corry	FG	FP	TP
Markowitz, f	11	3	25	
Barelli, f	9	1	19

Moose Win First Round On Crib Battle

Two teams of 12 players each composed of the best cribbage players of the Warren Moose and Warren Elks Lodges sat down last evening at the Moose Club in a battle of fifteen-twos. When the smoke cleared away it was found that the Elks had dropped the first series by a score of 59 to 45.

The Moose had issued a challenge to any and all comers and had been taken up by the Elks. Another in the series will be played next Monday night at the Elks Club.

It seemingly was a bad start for the Elks as on Sunday they sent a team of bowlers to Corry where they dropped a decision to the Corry bowlers by over 300 pins and then on Monday lost the cribbage match.

But "Pike" Peterson claims that he has a couple of cribbages who were not in the match last night and that he has 'em under cover for the next meeting. And Russ Anderson of the Moose murmurs "Me too". So the next match promises to see the fur fly.

Otto May Be In Army Before Season Starts

By JACK HAND
Lakewood, N. J., March 21—(AP)—Manager Mel Ott may be in the army before the National League season rolls around, but most of the New York players have here waiting for the snow to melt will be around from now on.

Of the 30 men listed on the club's spring new player roster, 16 have been called and rejected by the Army and Navy, three others have army discharges, one is over age and another is a Cuban citizen. Only eight of the players can be listed as vulnerable from a military standpoint.

Buster Maynard who has been accepted by the Army and is waiting at this Henderson, N. C., home to see if he will have any time to play ball before he is called to active duty, heads the parade of service-bred.

Ott is due to take his physical next week and first baseman Phil Weintraub left yesterday for Chicago to be in plenty of time for his pre-induction examination March 25. Pitcher Johnny Wittig comes up for his test March 27. There is considerable doubt about the present physical fitness of all three.

Sharon Loses Star Player to Army

Pittsburgh, March 21—(AP)—Sharon High, champion of PIAA Section 10, will seek its 21st straight victory when it meets Westinghouse, Pittsburgh city champion and district 8 representative, in a western regional playoff tonight at Farrell.

The winner will meet Bradford, District 9 titlist, Saturday at Farrell.

Sharon lost its captain, Dick Whitehead, who entered the army yesterday but will count on Joe Ehnott and John Garay as able replacements. Westinghouse has won 14 and lost two.

Another PIAA western playoff takes place at Johnstown tonight when Boswell, winner in District 5, meets Franklin Boro, District 6 champion. The winner meets Duquesne High here Saturday night.

S-P-O-R-T-O-R-I-A-L-S

(By Joe Gardner)

In a recent Sportorial in which we approached the problem of a partial cure for the potential juvenile through the medium of wholesome outdoor recreation, we asked for comments and believe it or not, space does not permit us to answer all of the cards and letters received. Nevertheless, there are a few observations which we feel it is our duty to make.

The society in which we live, in order to best protect itself, makes certain laws, sets up courts of justice, builds correctional institutions, sponsors agencies and societies, in the belief that an ounce of prevention is worth a pound of cure. Proof that our agencies, welfare organizations and churches need help in their work with our youngsters lies in the fact that we have a rising tide of juvenile troubles attributed by some to carelessness on the part of the parents themselves and to their lack of understanding the problems of a rapidly changing world. Be this as it may, we cannot now afford to take time out to educate parents in child care, simply because parents don't go for that sort of thing. Just try to tell any father or mother now living in this country.

We are our brothers' keepers; we do have a definite responsibility toward our neighbors; we are part of a society which is and always will be interdependent. It doesn't matter if they are your kids or my kids, they are the future citizens of a great republic, and how great it becomes depends entirely on them. Let's not kid ourselves in the belief that talk alone will solve our problem. It will take action and the sacrifice of a few dollars on the part of all of us to assure our kids the heritage to which they are justly entitled.

And so it is with great pleasure we note that Warren Borough has set wheels in motion to look into the question of a modern community Deference, of the Council Park Committee, composed of Joseph Brasington, of the School Board, and Holgar Elquist and Ralph Conway, who will represent the interests of the public at large. Their job is to look into all angles of that community recreational project and report their findings to the council and school board. The big question will, of course, be finance, and here is where professional writers, sob sisters and experts on child problems lose interest rapidly. It will take a lot of dough to swing a project the size and scope necessary. We are convinced, however, that enough money can be found to help make such a project a reality and stand ready to help in any way we can.

Call to Sore Arms

Packey Schwartz had no fendish designs on bottle of rubbing alcohol. The White Sox trainer just didn't want to forget it as Chicago club shooed off for French Lick. It will come in mighty handy when epidemic of sore arms, legs and backs hits training camp.

Two Pitchers Lost To Cubs As Jinx Still Pursues Club

By TED MEIER
New York, March 21—(AP)—That 1943 jinx of the Chicago Cubs still seems to be with the Bruins. A year ago they looked great on paper, but got off to a very poor start and were lucky to wind up fifth in the National League with 74 wins against 49 defeats.

Yesterday Manager Jimmy Wilson at the team's French Lick, Ind., training camp learned that Pitcher Claude Passeau had decided to stay on his farm this year and that Pitcher Paul Derringer had stepped on a rock while running around the field and turned his right ankle.

An X-ray disclosed a torn ligament which will keep Derringer out for several weeks.

Since Passeau won 15 games and Derringer 10 last year the Cubs suffered the loss of one-third of their pitching strength.

Garcia Drops Close Decision to Miller

Pittsburgh, March 21—(AP)—Lightweight Billy Miller, 130, did some fast stepping to keep away from the fists of Puerto Rican Ruby Garcia, 134, and win a unanimous decision in 10 rounds last night at the Gardens.

For Miller, Lawrenceville Irishman, it was a 25th victory and his second in little more than a month over Garcia.

Miller did most of the scoring with a fast left jab but otherwise he kept out of Garcia's reach for a dull 30 minutes, dodging the wild blows of his pursuing opponent. The Irishman's next fight will be against Lulu Constantino here April 3.

Pvt. Floyd Reynolds, 162, of Camp Reynolds, lacked experience when he came up against Buster Peaks, 160, of Detroit, and the latter punched out a six-round decision.

Automotive plants in June, 1943, were producing at an annual rate of \$7 billion dollars—more than twice the highest pre-war rate.

Harrison Still Leads Field In Open Tourney

Charlotte, N. C., March 21—(AP)—Sgt. Dutch Harrison of the Army Air Forces special service granch started out today to complete a five-day mission of creating good will for the AAF and to win for himself top money in the \$10,000 Charlotte open golf tournament.

By his handsome conduct on the course, the mild-mannered soldier from Greensboro, N. C., won the solid support of greenside fans. But he was a little miffed when the galleries refused to make him the betting favorite after he led the field for two days.

He was enjoying a four-stroke lead at 202 as the war bond event turned into the final 18 holes and the last day of Dutch's five-day furlough.

Harrison fired rounds at 66 and 70 the first two days, but the odds-layers still picked Harold (Jug) McSpaden to win. They said Harrison was lucky to stay in the running the second day on a hole-in-one and an eagle three within five holes.

Soviets Smash Two Divisions in Bessarabia

(From Page One)
 on German pontoons captured in Yampol, Maj. Igor Agibalov reported in a field dispatch to the army newspaper Red Star.

The dispatch added that the Dniester crossings have been expanded and several more communities captured.

At the upper end of the Bessarabian front, the Russians were reported poised for a new great thrust after the capture of Mogilevopol'ski, major base on the east bank of the Dniester, which fell to the Red Army Sunday.

RUSSELL

Russell, March 20—The Ladies' Aid Circle meeting was held at the Methodist church Wednesday afternoon with thirty members present. At one o'clock the losing side in the contest entertained the "winners" at a dinner, followed by the regular meeting which was called to order by the president Mrs. Ernest Peterson. Devotionals by Mrs. Daniel Houghwot. It was voted to give \$10 to the Red Cross.

The local Red Cross workers in the drive are as follows: Mrs. John Moll, Mrs. Gerry Briggs, Mrs. Herman Moll, Mrs. Maynard Briggs and Mrs. Scott Phillips.

Mr. and Mrs. George Walker visited relatives over the weekend at Jasper and Letchworth Park.

Mr. and Mrs. John Burgett and son, Gary, of Frewsburg, left Tuesday evening for Arizona on account of Mr. Burgett's health.

The Firemen's Auxiliary will meet at the home of Mrs. Fay Benson Friday evening.

Mr. and Mrs. Levi Learn entertained at a family dinner at their home Sunday with the following children and their families present: Mrs. Irene Ingham, of Charleston, W. Va.; Mr. and Mrs. Lewis Learn, of Fredonia; Mr. and Mrs. Walter Stanton and family, of Frewsburg; Mr. and Mrs. R. O. Proper and family, of Dunkirk; Mr. and Mrs. Harold Olson, of Frewsburg.

In the afternoon the Learn guests all went to the home of Mr. and Mrs. Paul Sanden at North Warren, to visit John Sanden, who was home from Camp Reynolds at Greenville.

Mrs. Herman Moll was hostess to the members of the F. F. F. Club at her home Friday for dinner. Out of town guests were: Mrs. Walter Stanton, of Frewsburg.

Splendid Safety Record Set By Pennsylvania Electric Men

All employees of the Pennsylvania Electric Company received honor certificates at the annual safety meeting held Saturday evening at the YWCA, when the record for 12 months ending December 31, 1943, showed not a single "lost time" accident.

This is the third successive year in which there were no personal injury accidents causing loss of time. Certificates were presented by J. M. Grove, personnel manager and safety director of the company. In addition to individual honor certificates, a special certificate was presented to the Warren division in recognition of the fact that it went through the year without a single accident causing any employee to lose time.

Cousins Have Experiences In War Fronts

Additional information has been received by parents of the Seymour cousins, one of whom is hospitalized for wounds received in action and the other a German war prisoner.

Sgt. Robert Seymour's many friends will be interested to learn that he has recently been awarded the Purple Heart for wounds received while serving with Allied forces somewhere in Italy. His parents, Mr. and Mrs. Albert Seymour, 28 Maple street, who have received the medal at his expressed desire, learned of the award through a letter from him which explained that, although he still requires hospitalization, his condition is much improved and he hopes to be able to rejoin his outfit shortly.

Several communications have recently been received from his cousin, Sgt. Harold Seymour, German war prisoner and son of Mr. and Mrs. Alva Seymour, 127 Russell street.

In his latest letter, dated December 12, he writes to wish his mother a happy birthday (December 13) and extends what he knows will be a belated Merry Christmas to his many relatives and friends. Red Cross packages continue to arrive weekly, he says, so the boys have sufficient food. He is well and assures friends "not to worry about me." He tells of spending much time in the very good library maintained for internees; also of a play and a Kayser show which provided entertainment for the group. He concludes by reminding friends that while his writing is necessarily limited, he would like to hear from everyone.

A. A. Stearns, Sugar Grove township, who owns one of the largest sugar bushes in the county, was in Warren Monday. He reports that sap is running freely and is of a particularly high grade. This season, Mr. Stearns reports, he is cooperating with H. M. Sanders, in operating the two sugar bushes almost adjacent to each other.

FIFTY GIRLS NEEDED

Manager David Levine, of the Manpower Commission, stated this morning that on Thursday and Friday of this week fifty girls for employment at the local Sylvania plant will be hired. Girls are asked to apply at the office of the Manpower Commission, 225 Pennsylvania avenue, west, for interview. The employment agent of the Sylvania Company from Brookville, will be in the city and the offices will be open all day so that girls may have an opportunity to enroll and be interviewed for places with the fast growing group of the Sylvania Company.

EASTER WEATHER

If you're beginning to wonder about the weather for this year's Easter, there is little encouragement in the following from one of the leading meteorologists of the country: "Records of the past 57 year, point on the one hand, to cold, rainy weather, and on the other to a warm, sunlit day. Since Easter falls on April 8th, the actual chances are that it will be cold and wet, because early April weather for the past 57 years has been unpleasant more often than it has been pleasant. It has rained 29 of the past 57 Easters, ranging in date from March 23 to April 25, and 23 of the 45 April Easters have been cool and damp".

LARGER PENSIONS

Spanish-American War pensions have been increased. Instead of receiving checks for \$60, those who suffered disability in the war or who have reached the age of 65 will now get \$75 a month. The new act becomes effective April 1. The \$30 monthly pension payable to widows and former widows of Spanish-American War veterans is increased to \$40 a month when the age of 65 is attained. If the widow of the deceased veteran was living with her husband on or before Jan. 1, 1938, the pension will be \$50 a month. With several score Spanish-American veterans and their widows residing in this region, the House measure, approved on March 1, will be of Warren man says the Kane Re-

If you're not smoking PHILIP MORRIS, you should be.

First, in laboratory research, PHILIP MORRIS were proved definitely and measurably less irritating.

But that's not all! In addition, the findings of a group of distinguished doctors prove that:

WHEN SMOKERS CHANGED TO PHILIP MORRIS, SUBSTANTIALLY EVERY CASE OF IRRITATION OF THE NOSE OR THROAT—DUE TO SMOKING—CLEARED UP COMPLETELY OR DEFINITELY IMPROVED!

Full reports of these findings appeared in leading medical journals.

No curative claim is made for PHILIP MORRIS. But we do say—and this evidence proves—they're far less irritating to the nose and throat.

Why there are "WAITING LISTS"

Many people who want telephone service today must go on "waiting lists."

The "waiting lists" and the "waits" are lengthening from week to week.

The reason is shortages of telephone facilities—wire, central office equipment, telephones. More than two years of war have used up most of the "margins" which have always been built into Bell System telephone plant.

Western Electric Company, peace-time producer of telephone equipment for the Bell System, is now engaged almost exclusively in production for the Army and Navy. It is the largest producer of electronic and other war communications equipment in the United States.

And there is no let-up in the communications needs of the Army and Navy.

Thus, production for the civilian communications needs of America is virtually at a standstill. Reserve supplies of telephones and telephone facilities are all but wiped out. To expand production of telephone equipment for civilian use would

take not only materials, but also skilled manpower which cannot be diverted from production for war.

The construction of new telephone facilities, new telephone switchboards, new telephone cable lines, new telephone buildings, will begin as quickly as war-time demand permits the manufacture of the equipment from which they are built.

It is impossible today to fill orders for normal civilian needs without delays.

Every effort has been made—and will be made—to spread the limited telephone facilities so as to serve the greatest possible numbers with the least possible delays.

But there can be no delays in meeting the communications needs of war industry and of our armed forces. They cannot be put on any "waiting list."
